

## 22 Reasons to Choose 22Miles for Your Digital Signage & Wayfinding Provider.

Discover why industries around the globe rely on 22Miles for their digital signage and wayfinding solutions. Featuring cutting-edge technology, scalable products, and versatile capabilities, our intuitive Content Management System ensures exceptional performance. Create immersive, engaging, and accessible content across any platform. Designed to meet today's needs and adaptable for tomorrow's growth, our powerful CMS platform supports effortless expansion, whether adding screens or integrating the latest technology.

- 1. Digital Signage Platform:** Award-winning platform designed to manage both touch and non-touch digital signage, tailored to meet organizational needs.
- 2. Industry-Leading Innovation:** We invent cutting-edge technology and features that not only meet current demands but also anticipate future trends, ensuring our solutions remain at the forefront of the industry.
- 3. Empowered Functionality:** Feature-rich CMS that provides extensive control and flexibility.
- 4. Wayfinding Solutions:** Advanced directional tools, including 3D and customizable maps, to enhance navigation.
- 5. Intuitive Interface:** Simplified tools for easy content creation and management.
- 6. On-Premise and Cloud Support:** Connectivity support tailored to industry-specific infrastructure and security needs for any network environment.
- 7. Scalability:** Supports all project sizes, from small non-touch screens to enterprise-level deployments.
- 8. Reliable Performance:** Built for stability and efficiency, ensuring consistent operation.
- 9. AI-Powered Capabilities:** Intelligent features for enhanced automation and personalization.
- 10. Employee Engagement** - Teams app, Outlook plug-in, and employee engagement platform with space management and desktop intranet.
- 11. Mobile Integrations:** Seamlessly extends your digital content and experience to mobile devices, improving engagement and connectivity.
- 12. ADA Compliance:** Solutions that meet and exceed accessibility standards for all users.
- 13. Enterprise Management:** Manage multiple screens, locations, and content from a single interface.
- 14. Content Flow Control:** strategic management of how and when content is displayed across digital signage networks.
- 15. Flexible Content Scheduling:** Advanced scheduling and automation features for precise content management.
- 16. Emergency Alerts:** Integrated systems for reliable and immediate communication during critical situations.
- 17. Video Wall Mapping:** Customized multi-touch and video wall integration for immersive digital projects, supporting large resolutions and orientations.
- 18. Proven Track Record:** 17 years of experience, with a team of developers and engineers ensuring expertise.
- 19. Global Reach:** Trusted by industries worldwide across various sectors.
- 20. Dedicated Support:** In-house customer service and deployment teams committed to your success.
- 21. API Integrations:** Compatible with open APIs like SSO/AD, Microsoft, Cisco Workplace, and venue data feeds for seamless integration and synchronization across platforms.
- 22. Future Growth Support:** Designed for scalability and adaptability, ready to evolve with new technologies in both cloud and on-premises environments.
